

Congress Item	Action Taken
St Lucia took the floor to raise the issue of the development of a WN Technical Development Manual.	At Congress 2023 the President introduced Dr Anita Navin Chair of CAP and Garrett Williamson Chair of OAP who explained the work ongoing in this area.
Zimbabwe took the floor to raise the issue of increasing the international squad size to 15 players.	At Congress 2023 the President explained that options continue to be discussed at Board level but would appreciate Congress's view and requested a vote. 53% of Members agreed that WN resources should be used to explore this issue and investigate the increase of international squad size to 15 players. WN has expanded the ability for teams to carry more players through relaxing replacement rules and the ability to carry 15 players at an event.
Bidding process for NWYC2029 and NWC2031.	This work was paused pending the outcome of the Global Event Project
